### Bringing Joy, Connection, and Memories Through Music

I am an award-winning singer-songwriter, musician, storyteller, and humorist with over 16 years of professional performance experience. I've had the privilege of playing festivals, house concerts, country clubs, and community events across Florida, the Midwest, and internationally.

Today, my heart is focused on serving senior communities. I create engaging musical experiences for assisted living, memory care, and senior communities. My style blends front-porch folk, Americana charm, and touches of blues—performed on acoustic guitar, ukulele, banjo, and harmonica.

Before music became my full-time path, I served 33 years as a police officer with Uncle Sam alongside many of our nation's finest Veterans. That life experience shaped who I am, and now I bring that same sense of purpose, compassion, and connection into every performance.

### What Makes My Shows Special

-  Interactive, singalong-style performances
-  Familiar favorites spanning decades, along with heartfelt originals
-  Thoughtful engagement for assisted living, memory & health care residents
-  Storytelling, humor, and uplifting energy
-  Monthly themed programs (holidays, seasonal favorites, and more)

### What You Can Expect

My goal is to make every performance feel like a comfortable afternoon in my living room—filled with music, laughter, nostalgia, and meaningful connection. I encourage residents to sing along, tap their feet, share a smile, and simply enjoy the moment.

### What People Are Saying

*"Catchy melodies and soulful lyrics... with genuine warmth that brightens any room."*

*"She touches each listener's heart and always leaves the audience wanting more."*

### My Heart for Seniors

I believe every resident deserves to feel seen, valued, and celebrated. It is truly an honor for me to create moments of joy, spark memories, and encourage connection through music—especially for those in assisted living and memory care. ***"Be the Change, one song at a time."***

### Booking

#### ***One-Hour Interactive Musical Program – \$125***

Perfect for Assisted Living, Independent Living, Memory Care, Rehabilitation, Adult Day Programs, and Senior Community events. I'd love the opportunity to bring music, laughter, and meaningful memories to your residents, for they truly are the stars of the show.

 ***Please feel free to call or email me to schedule a performance.***
